Has Ridden but Three Winners in the Two Weeks He Has Been in St. Louis.

VAL VERDE'S GOOD RACE.

Lysbeth, a Five-to-One Shot, Won Third Race-Red Apple, a Hot Favorite, Was Bad y Handled in Fourth Event.*

Jockey L. Jackson put up a series of wonderfully inadequate ride on George Pable Red Apple and Jake Weber yesterday, and managed to get these borses, which were played by the public, beaten in every case On his California and Eastern record, Jackson meems to have the local riders outclassed. His riding in St. Louis has been very poor. In the two weeks that he has been in this city he has ridden but three winners. He has been on many a losing

His riding on Red Apple yesterday was scarce competent. The house was well away in front. He was the only animal in the race with early speed, yet Jackson managed to rate bim so that he could scarce outran Jack Young and Glonwood, slow beginners,

in the first part of it.

Considering his advantage at the start, Red Apple have led his fleed by ten lengths to the seven furiongs. He led by half a length. Mr. Trotter, who owns the horse, told Jackson to go on with him, He did not co it. Instead he rated Red Apple close to his field. The horse runs best when off by himself. The other day Red Apple beat Glenwood by three lengths, same distance and same way weighted. Glenwood ran his race both times. Red Apple ran it one time.

Walkaway third. With a good lad up, like Houbre, Miss Eon should win sure. Dotty Shuts, the heroine of a 23-to-1 vic-tory, may with the second except, but Vestry will be the best bet. Adois will as well if he has a good bey in, and, as he has the arriv espect, be should win if everything loss not go well with Vestry.

Barnacie will be hard to beat in the third race. Fathes and Lezzare should run her close. Look at what Barnacie has done with Jack Young, and at what Young has tone to Glenwood and Red Appie, and then think of the old horses in here, as compared with Red Appie and Glenwood.

The handican is two hard to even think thout. Maggie Davis had so much speed and ran no well yesterday that she should be the best bet in it, especially as W. Walto, a good had will ride her. Waldo is out-iding all the boys at the Fair Grounds ownlays. Delayes and Kindred will go seell. Throw Kindred's last race out. Jackson did not ride him well.

ter would be taken up again early next
week.

Mr. Kennedy offered to finance the projected club, and it is understood that his
plan was regarded favorably by the Amersen Lugue chieftain. It has been known
for some time that the American League
contemplated an invasion of the Nationa's
in that locality, but the men who would
furnish the finances have hereitore been
problematical.

Charles Compkey, president of the Chicago American League club, attended the
cufference. Compkey is surrougly in favor
of the invasion and is willing to sacrifice
Charle Griffith to the cause. The latter will
in all probability be appointed manager of
the new organization.

Of Contagious Blood Poison never existed. It is always bad though sometimes no external symptoms of the disease ap-

pear for a long time.

Because the disease is slow in developing, does not indicate that the case is a mild one, for the poisonous virus at work in the blood and system may be spending its force upon some internal vital organ while you are looking for external signs. Contagious Blood Poison does not affect all slike. In most cases the first little sore is quickly followed by painful swellings in the groins, a red erup-tion upon the body, sores or ulcers in the mouth and throat, unsightly copper colored blotches, loss of heir and eyebrows and other symptoms of this miserable disease. When the poison is thus fighting its way to the surface, exposing the disease in all its hideousness, we call it a bad case, but Contagious Blood Poison, whether working internally or externally, is a dangerous,

treacherous disease. S. S. S. is the only remedy that cures Contagious Blood Poison thoroughly and permanently. It is an antidote for the deadly virus that produces the awful crupions, sores and ulcers, and destroys the houes Mercury and Potash dry up the poison further into the system, where it slumbers for a time, but comes back again with redoubled fury.

S. S. S. is a vegetable remedy that has been used successfully for years in treating this vile disease and this vile disease and cures it in all stages and forms. If you have the slightest symptom; an occasional sore in the mouth, or muscular or

bone pains, your blood is tainted and the disease is liable to break out again at any time. A course of S. S. S. will remove every trace of poison and at the same time build up your general health,
